Rachel

Just to confirm we are content with this revise of the apology.

Re the rapporteur (and I have not discussed this here) and from my experience of the Ministerial race equality advisory forum (and the links from that to the Macpherson report) it may be helpful if in addition to consideration of the terms of the remit you and Colin give consideration to the outputs and then what SM would do or be expected to with those outputs. Always assuming that you haven't already done so.

I know it is asking a lot but it seems desirable to know what will be happening or expected after the report is published.

You might also be thinking of making it a time limited appointment although that too opens you to criticism of not giving enough time.

Happy to discuss but Richard, Gordon and Lindsey N are expecting to be discussing with LA and the rest of us are out over lunch.

Louise

I'd be grateful for advice. I will have my blackberry with me today and will be checking messages.
